**REPORT ON CELEBRATION OF
“INTERNATIONAL YOGA DAY”: 2023-24**

United Nations General Assembly has declared 21st June as an International Yoga day. The day was chosen as it's the longest day of the year. Yoga was originated in India in ancient time when people used meditation as a means to purify their body and mind. Yoga is an exercise focused on the body's natural tendency for health and self-healing. "International Day of Yoga" is a worldwide event. To increase the awareness about yoga among the people of India, Indian Government has also decided to celebrate this day as National event. Our college organized a one day "Yoga Shibir" on 21st June 2023 between 7:00 to 8:30 A.M. on college ground under the guidance of Sau. Sarita Khandelwal Madam. The event was organized by Dr. S. M. Khadse, Director of Physical Education. Around 51 students, faculties and other staff members participated in the event. Sarita Khandelwal Madam emphasized on the benefit and need of yoga practice for a healthy and holistic lifestyle. The event was concluded with encouraging speech by Dr. S. T. Kute (Senate Member, S.G.B.A.U. Amravati). He also explained the importance of yoga and it should be included as a practice on a daily basis by everyone.

Personal Counselling Center

Sociology Department of the college runs a 'Personal Counseling Center' which was established in the year 2015-16. Today's world has become a fast paced as well as complex. The fast-paced life with all its complexities has led in an increase in questions and problems. The students have become confused, they are unable to keep pace with changing trends of the society and this has led to development of low self-esteem, intellectual decline and emotional instability.

Most of the students come from rural background. They face various problems in coping with the urban ambience and students coming from urban background. Shyness, awe and fear makes these students to express and share their problems. This center provides such students a space where they can express themselves freely. Because if the solutions to their problems are not found, they will assume gigantic proportions and will negatively influence their lives and may push them to suicide. This center aims at developing a positive and constructive attitude in such students through guidance provided by able and expert counsellors. Experts from various fields, teachers constitute this center and provide guidance and solutions to problems.

MEMBERS

1. Dr. M. R. Shinde
2. Dr. S. M. Khadse
3. Dr. P. R. Junghare
4. Dr. R. G. Suralkar
5. Dr. G. M. Deshmukh

AIMS

- To understand the problems and difficulties of the students
- To organize various lectures and counseling programmes to solve their problems.
- To foster positive and constructive outlook among the students.
- To bring about all round personality development among the students.

Remedial Coaching Classes
Annual Report 2023-24**

Introduction

Education is meant not only to nurture the excellence already in a gifted person but also to uplift the not so gifted. In order to enable students, who need remedial coaching to come up to the level necessary for pursuing higher studies efficiently and to reduce their failure and drop-out rate, our college provide facility for conducting special classes outside the regular timetable.

The purpose of Remedial Classes is to support the students who lag behind in their basics and advancement of the subject. Many students have an issue with major subjects like English, Physics, Mathematics and Computer Science even at an undergraduate level. Remedial Teaching is identifying slow learners and giving them the necessary guidance to help them overcome their problems, after identifying their areas of difficulty for such students and provides support for the upliftment of such students.

Our College understands the concern of the need of the students and conducts Remedial Coaching Classes for students to minimize the drop-out rate and facilitate the students to complete the course. Careful analysis of students performance in the examination and diagnosing the areas of difficulty are the key aspects in remedial teaching.

The subjects which trouble our students more are English, Physics, Mathematics and Computer Science. Keeping in view the condition of the students, the college provides an extra support to the students in these subjects. Remedial Coaching help and provides them ample support to get rid of their doubts which they find difficult to get to overcome in crowded classes.

Most of the students who are enrolled in our college are from the rural and poor background. They are not in a position to pay more for tuition classes. So, they find Remedial teaching rather helpful in understanding these difficult subjects. Students belonging all categories may also be allowed the benefit of such coaching classes. In the academic session 2023-24 in the first meeting of staff council Hon'ble Principal suggested all the science faculty teachers to participate in the activity of Remedial Coaching classes.

In the month of September 2023 the total 71 students of science faculty were admitted in this activity. The main objective of the scheme is to improve academic skill and linguistic proficiency of the students in various subjects. Raising their level of comprehension of basic subjects to provide a stronger foundation for further academic work. Strengthening their knowledge, skills, and attitudes in such subjects, where quantitative and qualitative techniques and laboratory activities are involved so that proper guidance and training provided under the programme may enable the students to come up to the level necessary for pursuing higher studies efficiently.

The Coordinator of the Remedial Classes plans the teaching schedule for the classes.
The subjects chosen for remedial classes are:

- 1) English
- 2) Mathematics
- 3) Physics
- 4) Computer Science

For the academic Year 2023-2024 the numbers of students enrolled for Remedial Teaching are

- 1) English- 22
- 2) Mathematics-16
- 3) Physics-15
- 4) Computer Science-18

The more focus is given to the first Year Students as they find it difficult to cope up with the syllabus of the higher classes. An extra time is spent by the teachers on remedial teaching, other than their regular teaching hours.

The members of classes taken per week

- 1) English: Six in a week (Three for B.A. I students and Three for B. Sc. I students)
- 2) Mathematics: Three in a week (for B. Sc. Students)
- 3) Physics: Three in a week (for B.Sc. Students)
- 4) Computer Science: Three in a week (for B. Sc. Students)

OUTCOME:

- Students found the classes helpful in understanding the basics of the subject like English, Physics, Mathematics and Computer Science.
- Remedial teaching provided ample chance to the teacher to identify the slow learners and helped in paying more attention to such students which becomes difficult in large classes.
- A substantial rise has also been noticed in the marks of the students.

**REPORT ON
“CAREER COUNSELLING SESSION”: 2023-24**

Career counseling cell of Smt. Sindhutai Jadhav Arts and Science Mahavidyalaya, Mehkar organized career counseling programme for students of B. A. and B. Sc. on 05/03/2024. This session helps students in their decision-making process and shaping future of students. 42 Students were benefited by the guidance programme. The chairman of session Principal, Dr. B. R. Lahorkar emphasized on the importance of making informed decisions in career development. Dr. G. B. Pund, an eminent career counselor was the resource person for the session. He has been associated with counseling and guidance for the past 05 years. The aim of the session was to make students aware of the multiple career options. He advised the students not to make career decisions based on family expectations and peer pressure. He advised the students to plan multiple activities during their vacations to hone their skills and identify their interests. The session was informative and inspiring for students.

**REPORT ON
“SOFT SKILL DEVELOPMENT PROGRAMME”: 2023-24**

The department of English organized soft skill development programme for overall development of the students, creating skills necessary for enhancing employability as well as entrepreneurial abilities of students. The well known personalities from this field are invited to share their success stories and experiences. It was organized on 3rd April, 2024 in the College. The resource person Principal Dr. B. R. Lahorkar delivered his lecture on “Soft Skill Development”. Another resource person Dr. B. W. Somatkar also delivered his lecture on “Soft Skill Development”. 62 students were participated in this activity. The programme benefited the students to enhance the knowledge of soft skill development. The lectures delivered by the resource persons on the various topics are helpful to develop soft skills of the students.
